Welcome Back!

As we approach the new year we are entering the 20's. As a kid I remember my grandparents talking about the Oughts* and the Teens and thought that was a long time ago. Now we are getting ready for our own roaring Twenties. Are you ready?

This Spring Pam is going to be embarking on another tour of handbell events in west of the Mississippi. She is going to be heading to the western states. Check the list below of where we will be setting up a store. Maybe you would like to attend or just come by and say hi and check out all the new music and products. She is also working on arranging some reading sessions along the way. Check out our website for locations and dates to maybe get in on the fun with other handbell community members.

By now we have mailed the Scorebooks for the Winter / Spring / Easter period. If you did not get one you can go to HandbellWorld.com and download an e-Scorebook and listen to all the great new music. While you are on HandbellWorld.com sign up for our newsletters to get notified of the new music from our publishing partners.

*Noun. oughts. plural of ought. The first decade of a century, such as the 1900s, 2000 to 2009, etc, where the digit in the tens place is zero. (For those not as ancient as me and do not know the term).

As a New Handbell or Handchime Choir, What Will We Need?

Every group is unique; the answers depend on the group's size, ringers' ages and budget. Budgets should be developed to include not just the handbells, but also everything needed to use, care for, and enjoy them properly. A typical list of accessories might include:

For Handbells:

(Handchime list available at HandbellWorld.com)

Polishing cloths: 1 per ringer (everyday cleaning)

Polish: for occasional deep cleaning

Gloves: 1 pair per ringer

Notebook Stands: 1 for every 1-2 ringers

Tables: we recommend 29" or 30" height, with total length determined by number of ringers (20"-24" per ringer)

Foam pads: we recommend 4" thickness (length determined by tables)

Music: allocate \$100-\$200

Crotales by **SABIAN**

BRING NEW SPARK TO YOUR MUSIC!

Crotales by Sabian

What Are Crotales? Sometimes called antique cymbals, crotales are percussion instruments consisting of small, tuned bronze or brass disks. The name comes from the Greek *crotalon*, for a castanet or rattle.

play with mallets, like finger cymbals, or by bowing • bright, sparkling sound with long resonance • available in low and high octave sets (13 discs in each set) • sets include universal mounting bar that fits most standard cymbal stands • easy to transport (separate cases available) • tuned to A+442 unless otherwise requested • discs feature countersunk center holes to accept recessed rubber caps, and the bars include shorter mounting pins— combination allows the caps to sit almost flush with the Crotale surface, greatly reducing extraneous noise when playing • steel reinforced stem on mounting bars reduces the potential of breakage at the common stress point

Crotales Low Set (13 Discs w/ Mounting Bar)	#8451	\$1759.00

RINGING WITH 250+ YEARS OF EXPERIENCE

Handbells by Whitechapel

each bell contains more metal in the casting, producing a full rich sound • tuning of the bell creates a dramatically pleasing tone (each set is regarded as a single instrument and tuned as such) • quality of the casting and internal mechanism makes it possible to create a range of sound from soft to loud that no other handbell can replicate • the character of every set is recorded and kept so that future additions may be perfectly blended • smooth clapper mechanism means you only hear the bell, not any off sounds coming from the mechanisms- they only produce clear, rich ringtones!

UNSURE IF YOUR BELLS NEED PROFESSIONAL SERVICE?

No matter how diligent you are about caring for your handbells, like anything else mechanical, parts will eventually become worn, suffer reduced performance or lose their luster.

Some signs that it's time for your handbells to be professionally serviced:

- your bells seem harder to play
- they squeak/click/thud/clang/etc. when rung
- clappers feel "sticky" or "stuck"
- bells are harder to identify because of worn handles or handguards
- tarnish remains even after everyday cleaning/polishing

WORRIED ABOUT YOUR BELLS BEING "AWAY"?

We can schedule your service appointment up to a year in advance, leaving you plenty of time to plan. You can even book during one of our discount periods to save!

Bell Tree Keyboard Manual

by Barbara Bocker

The purpose of this "how-to" manual is to provide an opportunity for the ringer to play the bell tree keyboard by following the steps in the manual. It is not intended to be a manual to teach basic music reading. It is for the ringer who would like to explore a different aspect of ringing. A "keyboard" setup is not needed for every piece of bell tree music played; however, you can use the bell tree keyboard concept as a starting point. The more connections you can make to a standard set up, the quicker the learning process becomes.

Be Thou My Vision

Trad./Dobinski, Cynthia & Brocker, Barbara

"Be Thou My Vision" is a bell tree solo of Cynthia Dobinski's beautiful arrangement, now with piano accompaniment. It begins with the simple melody, with the second verse diverging into interesting arpeggios. There's also a rehearsal CD for practicing the arpeggios slower and at "a tempo!"

RO3364

Level 2

\$6.95 \$5.91

As with the other titles in our popular "12 Bells in F" series, you'll find this collection of favorite hymns of praise very useful when performing with fewer ringers. No bell changes means no table is required, making them easy to carry and use "on the road." Titles included are: *I Sing the Mighty Power of God, All Hail the Power of Jesus's Name, O Worship the King, Rejoice the Lord Is King, Morning Has Broken* and *To God Be the Glory*.

Few pieces carry such a perfect association with saying "farewell" as this one, cowboy! The beloved theme from "The Roy Rogers Show" would make a catchy festival ending or concert encore. Highly effective with ringing alone, make it truly "Western" by adding optional temple blocks, tambourine, guitar, fiddle and/or bass! An optional solo gives the fiddle a chance to share the spotlight, and of course the percussion evokes the "clip-clop" of hooves as you ride off into the sunset.

JUST AS I AM

arr. Joseph Pinson

3-5 octaves
RW8275

Level 3-

\$4.95 \$4.21

Joseph Pinson's arrangement of the favorite hymn begins in 4/4 with the bass and mid-treble bells playing a slightly elongated version the melody while the high trebles shimmer in an obbligato pattern. The upper trebles continue the effect with a syncopated rhythm when the middle bells pick up the melody for the second verse, which is in the standard 3/4 time. The third iteration of the melody returns to 4/4 and utilizes bold chords, a malletted bass line and syncopated rhythms in both the melody and the harmony to build the energy to the end. A very nice arrangement, with some unexpected twists to keep your ringers and your audience engaged.

LET ALL MORTAL FLESH KEEP SILENCE

arr. Ron Mallory

3-6 octaves

This Ron Mallory arrangement could be used for both Advent and Lent. Two parts are noticeably more advanced than the others in difficulty, though they are soon mastered once the rhythms are established, making it more accessible than its level 3+ marking would indicate. The result is a creative arrangement with a big, broad sound.

Grand March and Awakening

Michael Joy and Jason Krug

Dividing the beat into two equal parts (eighth notes) is a huge step forward for any developing ensemble. Eighth notes appear in many different contexts in handbell repertoire. Meditation and Agitation (GIA G-9220) introduced the simplest form of eighth notes where two eighth notes were played in the same hand. In terms of difficulty, Grand March and Awakening takes eighth notes to the next level. In these pieces, the same ringer plays two eighth notes, but in different hands. To isolate this new skill, the eighth notes are surrounded by longer note values. There are no bell changes in either piece so that ringers can focus their attention exclusively on the rhythm.

This will allow us to update your account on our systems. If we do not have a sales tax exemption form on file we may be required to charge sales tax. If we do this tax will not be refundable.

We are currently required to collect sales tax for many states, and several do not have an exemption to sales tax for religious organizations. If you qualify for an exemption you may submit your tax exempt forms in any of the following ways:

Email: taxform@jhsbell.com

Fax: 803.781.3020 or 803.732.4435

Mail to: Jeffers Handbell Supply, PO Box 1728, Irmo, SC 29063-1728

Upload: HandbellWorld.com/TaxForm. If you prefer you may log into your HandbellWorld e-account and upload the file so it will be saved under your login.

MUSIC POLICY

The Jeffers Retail Music Department has one of the world's largest inventories of handbell music, containing the work of more than 100 publishers. Some of these companies print just a few titles; others print several releases each year. We stock all of this music to provide you with the fastest service possible; our goal is to get your order on its way in 24-48 hours. When we receive your call early in the day, your order is often shipped that same evening.

Music on Approval

Many directors need help selecting music. We are delighted to help with our Music on Approval program. Order the titles you would like to see. Review them and decide to keep, order more or return them. We ask that you include a copy of the invoice with all returns and pay for shipping both ways.

Music Discount

15% off all non-sale music. There are no discounts on CDs, DVDs or videos. Equipment, supplies, software and instruments are not subject to music discount.
