Welcome Back!

Bells and Chimes are ringing again, somewhat.

Looking back on the where this year has taken us is nothing like what anyone saw last year this time. Handbells and Chimes were silenced. Festivals and shows were canceled starting in March and continuing through now and into 2021. Handbell Musicians of America was forced to go to an all virtual National Seminar.

But now handbells and handchimes are starting to ring again. Different parts of the country are opening up in different forms. Some are back to full services and others are still being limited to streaming. But one thing we are noticing is that handbells are playing a larger role in the worship service.

One of the things to come out of this has been the study about the aerosol effects from singing, and from wind/brass instruments, which has put a spotlight on musical instruments that do not have an aerosol effect. And Handbells and Handchimes are at the top of the list. We can make music using Belltrees. Solos and Duets can be performed. Choirs are getting creative and coming up with ways to socially distance while performing.

There have been music lists created of existing music that can be adapted. Composers and Arrangers are reworking some of their older compositions to minimize and eliminate bell changes among choir members. The 8 and 12 bell music is getting a lot of attention with more being created to help fill the needs for the new handbell choirs.

During this time handbell music publishers have had to make some tough decisions. The sales of handbell music have forced many publishers to go to all digital promotions of their handbell and handchime music. We are working with them to have PDF scorebooks and downloadable files with the recordings and scorebook available on HandbellWorld.com/scorebook.

And finally you may notice a CD is included with this Vibrations. We are trying to still make CDs of the music available for your use. Let us know if this works well. We are also open to hearing if you still need/want to receive the Printed Scorebooks with or without CDs in the future. We are working with the different publishers to find out how to best meet your needs. Send your thoughts to scorebook@jhsbell.com.

Bell Tree Keyboard Manual by Barbara Brocker

The purpose of this "how-to" manual is to provide an opportunity for the ringer to play the bell tree keyboard by following the steps in the manual. It is not intended to be a manual to teach basic music reading. It is for the ringer who would like to explore a different aspect of ringing. A "keyboard" setup is not needed for every piece of bell tree music played; however, you can use the bell tree keyboard concept as a starting point. The more connections you can make to a standard set up, the quicker the learning process becomes.

As a New Handbell or Handchime Choir, What Will We Need?

Every group is unique; the answers depend on the group's size, ringers' ages and budget. Budgets should be developed to include not just the handbells, but also everything needed to use, care for, and enjoy them properly. A typical list of accessories might include:

For Handbells:

(Handchime list available at HandbellWorld.com)

Polishing cloths: 1 per ringer (everyday cleaning)

Polish: for occasional deep cleaning

Gloves: 1 pair per ringer

Notebook Stands: 1 for every 1-2 ringers

Tables: we recommend 29" or 30" height, with total length determined by number of ringers (20"-24" per ringer)

Foam pads: we recommend 4" thickness (length determined by tables)

Music: allocate \$100-\$200

250 YEARS OF EXPERIENCE

Handbells by Whitechapel

each bell contains more metal in the casting, producing a full rich sound • tuning of the bell creates a dramatically pleasing tone (each set is regarded as a single instrument and tuned as such) • quality of the casting and internal mechanism makes it possible to create a range of sound from soft to loud that no other handbell can replicate • the character of every set is recorded and kept so that future additions may be perfectly blended • smooth clapper mechanism means you only hear the bell, not any off sounds coming from the mechanisms- they only produce clear, rich ringtones!

"Necessity is the mother of invention!" The Covid-19 Pandemic of Spring 2020 encouraged (actually forced) ringers to think outside of the rehearsal room. They wanted to "just keep ringing" - So **Solo Time** was born! All are reproducible, have free accompaniment track downloads, and instructional videos at the HandbellWorld.com website.

Music for Winter & Spring 2021

Welcome 2021! This CD has a little bit of everything: new music and old favorites, arrangements for beginning choirs and showstoppers for advanced groups, songs for the upcoming Lent & Easter season, selections for community concerts and school choirs, and of course plenty of choices for short-handed or socially-distanced ringing. We hope you enjoy listening and find something interesting and useful here, no matter your ringing needs.

1. Spirit of God

arr. Kurt Meyer

This arrangement of the hymn tune MORECAMBE is an excellent addition to the handbell soloist's repertoire. For the first verse, the flowing piano accompaniment supports the straightforward melody, which is played by the soloist. In the second verse, the pianist takes over the melody while the soloist plays a nice obbligato, using a variety of stopped techniques. The final verse features the melody back in the handbells but with a few rhythmic alterations in both the handbell part and the accompaniment that contribute to the grandioso style marking indicated by the arranger. Appropriate for any time of the church year, but especially for Trinity Sunday.

Fresh and creative describe Linda Lamb's moving arrangement of this great hymn. The 4/4 meter with a slight syncopation works beautifully. Be careful with the bass notes, as moving from malleted to rung to malleted in the same measure is tricky at first but very

effective. In the center of the arrangement, we get a more traditional $\frac{3}{4}$ meter setting. Your ringers and congregation will both love this one!

DAMAGES/ERRORS

Please notify us immediately upon receipt of any damage or error in the order. Retain all damaged merchandise and packaging material for inspection.

CREDIT POLICY

We can establish open account orders for churches and schools. Please pay from the invoice, which is included in the package. We reserve the right to request credit references and to report credit information to credit bureaus.

SALES TAX

We reserve the right to add sales tax in all states without prior notice. Recent court decisions are allowing more states to require retailers to collect sales taxes. If your organization is exempt from sales tax in your state please provide us with your sales tax exemption form. Just providing an exempt number is not sufficient. This will allow us to update your account on our systems. If we do not have a sales tax exemption form on file we may be required to charge sales tax. If we do this tax will not be refundable.

We are currently required to collect sales tax for many states, and several do not have an exemption to sales tax for religious organizations. If you qualify for an exemption you may submit your tax exempt forms in any of the following ways:

Email: taxform@jhsbell.com

Fax: 803.781.3020 or 803.732.4435

Mail to: Jeffers Handbell Supply, PO Box 1728, Irmo, SC 29063-1728

Upload: HandbellWorld.com/TaxForm. If you prefer you may log into your HandbellWorld e-account and upload the file so it will be saved under your login.

MUSIC POLICY

The Jeffers Retail Music Department has one of the world's largest inventories of handbell music, containing the work of more than 100 publishers. Some of these companies print just a few titles; others print several releases each year. We stock all of this music to provide you with the fastest service possible; our goal is to get your order on its way in 24-48 hours. When we receive your call early in the day, your order is often shipped that same evening.

Music on Approval

Many directors need help selecting music. We are delighted to help with our Music on Approval program. Order the titles you would like to see. Review them and decide to keep, order more or return them. We ask that you include a copy of the invoice with all returns and pay for shipping both ways.

Music Discount

Most music up to 40% off retail price. There are no discounts on CDs, DVDs or videos. Equipment, supplies, software, and instruments are not subject to music discount.
