

THE PORTA-FOUR SERIES

From
Robert Groth
Publications

Ringling with the PORTA-FOUR
method should be easy, informal, and FUN!

THE PORTA-FOUR SERIES FROM ROBERT GROTH PUBLICATIONS

The PORTA-FOUR series from Robert Groth Publications is a method that allows four ringers to ring 10 well-known tunes or carols without interchanging bells (or chimes) between the ringers! No tables needed!

Selections can be rung with any G-to-G octave. Some groups may choose G5-G6; others may prefer the mellower sound of lower bells, G4-G5. Some choirs have found the G4-G5 octave of hand chimes to be most to their liking. At any rate, the choice belongs to the director and the choir members who may even wish to try more than one of the octave ranges for experimentation and variety.
